

Installation Tools for Duct Sealing and Connecting Devices

TELECOM OUTSIDE PLANT

A. Fiber Optic Simplex Plug Installation Tool

Designed to give the installer extra reach and facilitate the installation of Fiber Optic Simplex plugs, this tool opens up to wrap around cable and is made to grip the plug's collar. The knurled surface of the tool provides traction for tightening.

A.

B. Wrench Assemblies

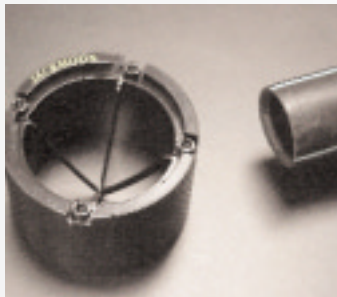

Designed by our customers, nothing is easier to use for installing Simplex and multi-holed plugs than these deep socket ratchet and brace and bit wrenches.

B.

C. Deburring Tool

This tool is designed to deburr and chamfer the outer and inner edges of duct ends to ease the installation of couplers and the passage of cable through duct couplings.

C.

D. Strap Wrench

This is the most popular reverse-threaded duct coupling installation tool because it does not scrape the surface of anodized duct couplings and provides the extra torque needed to install several couplings in succession with minimum wrist fatigue.

D.

E. Conduit Riser Adaptor

Adapts Sch80 risers to UL-listed Sch40 to allow easy installation of Simplex, Triplex and Quadplex plugs. Available with or without ventilation holes.

E.
